Explanation

- Uses urgency, threats, or deadline pressure.
- Requests or references sensitive information such as OTPs, PINs, passwords, cards, or wallets.
- Contains several phishing/scam keywords in one message.
- Includes one or more links that should be verified before opening.
- Linked URL: The URL uses insecure HTTP instead of HTTPS.
- Linked URL: The URL uses a shortening service that hides the final destination.
- The email subject line uses urgent or threatening wording.

Recommendation

Treat this as malicious. Do not click links, reply, pay, download files, or share passwords, OTPs, card details, or wallet credentials. Report and delete it if it came unexpectedly.
